Call for Enumerator Roster Registration

All Iraq Governorates | Data Collection, Monitoring, Research & Evaluation

Data Pulse Consultancy Group is building a national roster of qualified enumerators, field supervisors, data collectors, translators, transcribers, quality controllers, and research assistants across Iraq for future assignments.

Locations: All 19 governorates of Iraq, including Halabja.

Roles: Enumerators, supervisors, team leaders, translators, transcribers, QC and research assistants.

Work type: Surveys, KIIs, FGDs, field monitoring, TPM, research, evaluation and verification visits.

Start date: Assignments and start dates depend on confirmed projects, donor approvals and final project timelines.

Who should register?

- Experience or interest in field data collection and monitoring.
- Knowledge of KoBo/ODK, surveys, interviews, FGDs or field verification.
- Ability to work in urban, rural or remote areas when required.

Preferred languages

- Arabic, Kurdish Sorani, Kurdish Bahdini and English.
- Turkmen, Syriac or other local languages are an advantage.
- Applicants may select all languages used for field interviews.

Coverage: All 19 Governorates

• Anbar	• Babil	• Baghdad	• Basra	• Dhi Qar
• Diyala	• Duhok	• Erbil	• Halabja	• Karbala
• Kirkuk	• Maysan	• Muthanna	• Najaf	• Nineveh
• Qadisiyah	• Salah al-Din	• Sulaymaniyah	• Wasit	

How to apply

Interested candidates should complete the registration form and upload their CV through the link below:

Application link: <https://ee.kobotoolbox.org/x/JnVo021H>

Important note: Registration does not guarantee immediate employment. Shortlisted candidates will be contacted based on project needs, donor approvals, location requirements and confirmed start dates.
