MATERIALS & FINISHES

KEY FEATURES

Technical Specifications & Core Scope of Work

1. Project Information

Organization: Human for Human (H4H).

Project: Fabrication, supply, transportation and installation of 60 exhibition booths for Baghdad Job Fair 2026.

Location: Ministry of Youth and Sports, Baghdad Governorate, Iraq.

Required completion date: 14 November 2026.

Design reference: The attached concept image. A final technical drawing must be approved before fabrication.

2. Core Scope of Work

Floor platform: Approx. 1.80 × 2.00 m and 0.10 m high, with a sturdy supporting structure, wood-effect finish, level surface, safe edges and stable installation, subject to confirmation of final dimensions.

Back wall and side supports: Fabrication and installation in accordance with the approved design, with board type, thickness and structural support confirmed before work begins.

Upper fascia: Approx. 1.80 m wide, 0.15 m visible height and 0.35 m visible depth, subject to the approved technical drawing.

Reception desk: One white front desk per booth; proposed dimensions 60 cm W × 45 cm D × 90 cm H.

Painting and finishing: Smooth, uniform surfaces without visible scratches, defects or exposed fixing points.

Lighting and electrical work: Three integrated lighting units per booth, with safe, insulated and concealed wiring and operational testing.

Assembly fittings: All screws, brackets and connectors necessary for stability and safe assembly.

Packaging and transportation: Protecting components, loading, transporting to the event venue and unloading.

Installation and handover: Assembly, alignment, inspection of finishing and safety, removal of work debris and delivery ready for use.

3. Initial Materials and Finishes

Boards: The provided information specifies MDF, 18 mm thick; the exact grade and final specification must be confirmed with the supplier.

Dimensions, Quality & Post-Event Obligations

4. Dimensions Shown in the Design

Booth width: 1.80 m.

Depth: The drawing indicates 1.80 m, while the written platform description states 1.80 × 2.00 m. This discrepancy must be resolved before final pricing or fabrication.

Overall visible height: 2.20 m. Confirm in writing whether this includes the 0.10 m floor platform.

Upper fascia: 0.15 m visible height and 0.35 m visible depth, subject to the approved drawing.

Reception desk: 0.60 × 0.45 × 0.90 m (W × D × H), based on the provided information.

5. Quality and Safety Requirements

Use new, sound, dry materials free from rot, cracks, warping or other defects.

Secure all components properly and ensure there are no protruding screws or sharp edges.

Conceal and secure electrical wiring and connections, and test lighting before handover.

Obtain written approval of the sample finish, final dimensions and technical drawing before fabrication.

Clearly identify any exceptions or deviations from the specifications in the quotation.

6. Mandatory Dismantling and Transportation After the Event — Included in the Basic Price

The supplier shall dismantle all booths after the event, carefully disassemble, label and pack all components to prevent damage.

The supplier shall load, transport and unload all dismantled components at the H4H organization's designated storage facility.

All dismantling, packaging, loading, transportation and unloading costs shall be included in the total contract price and shall not be charged separately.

Optional Items & Quotation Requirements

7. Optional Items — Priced Separately

1) Screen and mounting bracket: State brand, model, screen size in inches, connections, installation and testing.

2) Booth chair: State the proposed type, color and model.

3) Logos and printing: Specify material, printing method, dimensions and installation locations in accordance with the approved design.

Optional items are excluded from the core price and shall not be supplied or charged unless expressly approved in writing by both parties.

8. Financial Quotation Requirements

Unit price per booth and total price for 60 booths.

Total price for the core scope, showing any discount where applicable.

Separate prices for each optional item.

Applicable taxes and statutory charges not included in quoted prices, identifying the type and calculation basis.

Confirmation that transportation, installation, post-event dismantling and transportation to H4H storage are included in the core price.

Proposed payment terms, quotation validity period and delivery schedule.

Company registration documents and relevant legal supporting documents.

9. Points to Confirm Before Finalizing

Confirm final booth depth: 1.80 m or 2.00 m.

Confirm whether the 2.20 m overall height includes the floor platform.

Confirm MDF board grade, thickness and internal structural support.

Confirm lighting specifications, power and color temperature.

Confirm the H4H storage address, or state that it will be provided by H4H in writing before dismantling and transport.
